Production process

Advantage of G&T

High quality

◆ **Well-trained engineers & technicians**

- Long time experienced in Top-class wheel companies

◆ **Data bank for every CNC machine and tools.**

- Numerous test with major cutting tool companies
(YG-1, etc.)

◆ **Strong R&D division.**

- Use YG analyze and measure equipment.
- Cooperation development with national research center and university.

**HIGH QUALITY
for
CUTTING TOOLS**

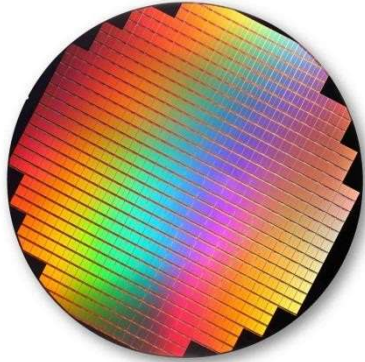

Application

Semi-Conductor Industry

Electronic Industry

Silicon Wafer

Sapphire

Compressor Part

LCD, LED Panel
